Personnel Security Subcommittee Projected

Tasking

REFERENCE:

SECOM-D-228

1. In response to Reference, the following ranking of proposed tasks to be addressed by the Personnel Security Subcommittee is offered. The ranking is keyed to the listing presented in the Subcommittee's memorandum of 22 June 1982.

ORDER	OF	RANKING	RANKED	ITEM
	1		1a	
	2		1d	
	3		1 j	
	4		1e	
	5		1 f	
	6		11	
	7		1 g	
	8		1h	
	9		1c	
10			16	

2. In rating tasks, the highest priority was given to ongoing or delayed activities that should be pursued or carried to the point of resolution. The next highest levels of priority were assigned to projects of immediate interest to the Intelligence Community. The lower priorities are believed to involve matters that will afford minimum return or little practical application. In general, I believe the Subcommittee should concentrate on issues that do not extend beyond the protection of intelligence sources and methods, unless the DCI Security Committee is asked to address areas of personnel security that concern a national security policy or posture.
